The literal translation of the Japanese script is "Bears under one's eyes" instead of "bags" as in eyebags. Certain manga scenes include someone misunderstanding the idiom and wonders if the person pasted some bear stickers under his eyes, quite literally.

2. Combatant Suit Module — Voice Changer

Although, this is different from a certain bowtie-like voice modulator. This function will transform speech into gibberish (seemingly) as shown in this panel. The suits are also equipped with Auto-Translator device for listeners to decrypt and understand the original words.

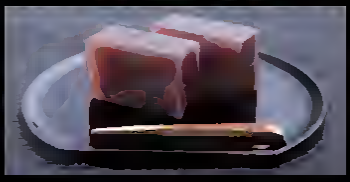
1. Red Bean Jelly「羊羹」
Also known/read as 'yōkan'. It is created from red bean paste, agar, and sugar. The jelly-like dessert is shaped in blocks, which is cut into small slices for consumption (Wikipedia 2015).



2. Genetical Remodelling「バイオハザード」
On the left is another version of his inner dialogue during the 'human remodelling' topic. Although it was unused due to its ambiguous meaning. Google defines 'biohazard' as a substance resulted from biological experiments which is harmful to human bodies (Google 2015). On the other hand, "Biohazard" is also the original name of the famous video game series: "Resident Evil".

According to Daijirin Third Edition in Kotobank, however, it is added that 'biohazard' includes viruses which are able to remodel genes of humans or other living things they infect (needs clarification).

Volume 1 END

Afterword

Good day, this is koma, who is now involved in this serialization.
While I was surprised to receive a word about turning this story into a comic, I am happy to get to be able to jump into the production of a Shounen-manga-like publication with this opportunity.

The protagonist throws himself into various dangers and gives great efforts in his part-time job despite all bis hardships! Ladywulf-san will be showing more of her cute sides, and Rakia's inventions will get worse. Ghost-chan is also doing her best, and I wonder what will happen to the little sister who ended up as an ally of justice. I myself do not know what ending awaits them yet... I intend to watcb over them together with the author.

Creating a manga out of an original work is interesting in a somewhat different way, but please stay with me for this while. To the author, Cherubim-sama, I wish you good luck with your writings.

Finally, I would like to share a few words to my previous editor, Editor Y-san and staffs in Edgestar who have taken care of me since the baton touch. Thank you very much for the trouble you have taken during this serialization.
The realistic touch to the cover design is really cool!

Thank you for reading.
I will be looking forward to seeing you again in the second volume.

IT'S AN EXAM PERIOD..
YOU LOOK SLEEPY.
SO I PULLED AN ALL-NIGHTER..

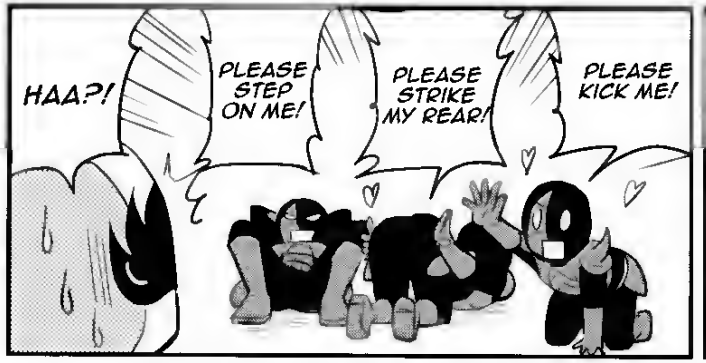
FINAL-FIRE!

YOUR FACE WILL BE HIDDEN,
SO YOU'LL BE OKAY AS LONG AS YOU FOLLOW WHAT THEY SAY.
haa

YOU MEAN, AS PINK?
I NEED YOU TO REPLACE ME FOR TODAY'S SORTIE!

FINAL-FIRE!

SHE DOESN'T NEED TO SPECIALLY STUDY DURING EXAMS TO OBTAIN GOOD GRADES.
NO WAY I'M GONNA REPEAT CLASS BECAUSE OF A PART-TIME JOB.



HAA?!
PLEASE STEP ON ME!
PLEASE STRIKE MY REAR!
PLEASE KICK ME!

UM... WHERE ARE THE ENEMIES..

APPARENTLY, THERE ARE MANY STUDENTS WORKING IN THIS INDUSTRY.

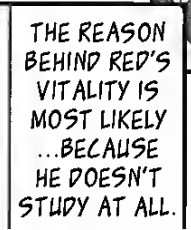
THANK YOU VERY MUCH!
EIH! EIH!

IF THEY ASK FOR IT THEMSELVES, I DON'T REALLY... BUT, I GOT TO DO MY JOB!

toh!



THE REASON BEHIND RED'S VITALITY IS MOST LIKELY ...BECAUSE HE DOESN'T STUDY AT ALL.

YOU GUYS ARE CONSIDERATE, BUT YOU'RE STILL PERVERTS.

IS SHE FEELING UNWELL? ...I'M WORRIED.
THE SHARPNESS WAS QUITE LACKING.
HER KICK TODAY FELT SOFT.
